INDICI GENETICI 2012

Questo numero speciale di TPRNOTIZIE è pressoché totalmente dedicato agli Indici genetici stalloni 2012. Da quest'anno infatti, come già comunicato anche nell'uscita precedente di TPRNOTIZIE, il libro ELABORAZIONE DATI non uscirà più.

La decisione è stata presa per motivi economici in quanto le limitazioni nei finanziamenti pubblici impongono delle scelte. Il Comitato Direttivo ha ritenuto di concentrare le risorse disponibili sui servizi di LG essenziali cercando di effettuare risparmi su alcune attività tra cui quella di stampa del volumetto Indici genetici. Tuttavia, considerato che la diffusione dei dati genetici è un'informazione importante per gli allevatori ed uno degli aspetti tecnici principali dell'attività di selezione della razza, si sono previste forme diverse di informazione per gli allevatori:

- Innanzitutto si è stabilito di realizzare **un'uscita speciale invernale del periodico TPRNOTIZIE con tutti i dati genetici aggiornati degli stalloni** in modo che tutti gli allevatori dispongano di uno strumento di rapida consultazione da conservare e che riporti tutti i dati riassuntivi degli stalloni viventi.
- In secondo luogo gli allevatori possono accedere al **sito WWW.ANACAITPR.IT Sezione Indici Genetici** dove trovano tutti i consueti dati e le tabelle inerenti non solo gli stalloni, ma anche le Fattrici ed i Puledri/Puledre delle generazioni 2010 e 2011. **Le tabelle pubblicate sul sito, corredate anche di apposita Legenda, sono scaricabili gratuitamente ed in numero illimitato di copie.** Questo consentirà, non solo agli allevatori più abituati agli strumenti informatici di poter stampare i dati di loro interesse, ma anche alle APA/ARA di attivare un servizio specifico di stampa e diffusione dati presso gli allevatori.
- In terzo luogo ANACAITPR mette a disposizione a richiesta i **Cd degli Indici genetici 2012.** Tali CD sono due: il primo CD contiene tutti i files delle tabelle indici di Stalloni, Fattrici e Puledri/Puledre 2010-2011 ed i dati di progenie degli stalloni (numero figli valutati, qualifiche morfologiche dei figli/e ecc.). **Il costo del CD è di 10 €.** Il secondo CD contiene invece le schede individuali di tutti gli stalloni viventi e può essere richiesto solo come supplemento al primo CD ad un **costo di 7 €.** **Questo è l'unico strumento che consente di avere, oltre alle tabelle riassuntive Stalloni, Fattrici e Puledri/Puledre anche le schede complete di ogni stallone vivente.**
- Infine, **per coloro che desiderano comunque avere i dati in formato Libro,** è prevista la possibilità di avere copia del volumetto Indici, **anche in singola copia,** ad un **prezzo di Euro 20 €.** Il volumetto contiene tutte le tabelle indici degli Stalloni, delle Fattrici e dei Puledri/Puledre 2010 e 2011 nonché le tabelle con le informazioni riassuntive sulla progenie degli stalloni (figli e figlie valutati, loro qualifiche morfologiche ecc...).
